OUR PROMISE TO YOU

SAFETY:

We carry \$15 million in liability insurance, which is three times the USDOT mandated coverage, and we are recognized as having the highest safety in the industry.

SAVINGS:

You may be surprised at how much we can help you save, especially since we have a ban against hidden fees our competitors love to charge.

SERVICE:

We handle transportation logistics for summer camps across the United States, moving a daily average of 970 students per day.

SCHEDULING:

Last minute schedule changes? No problem. We handle it all with ease and are available to you 24/7 until your travelers arrive home safely. We will provide you with driver's information prior to the trip and immediately update you with any changes.

"STM is intentional about the service they provide before, during, and after. This has made it easy to trust them and their work. They communicate well, are reflective in their work and understand our needs. This has benefited our organization and our students because it's one less thing that we have to worry about during the summer!"
- National Student Leadership Conference

Our goal is to give you one less thing to worry about this summer and enhance the experience of getting there, being there, and arriving home.
